

Vinyl Coated Welded Wire

11 gauge - 2"x4" mesh - Extra Heavy Duty Yard Gard

Description -

- Black PVC
- Non-climb 2"x4" mesh
- Extra heavy 11 gauge wire is strong, durable
- Galvanized after weld (GAW) wire mesh under PVC
- UV inhibitors in the vinyl retard degradation from sunlight
- Thick PVC coating is permanently bonded to wire - will not peel
- Extra thick coating is flexible - will not crack when the wire is bent
- Coating over GAW mesh gives double protection from rust and corrosion

Benefits -

- Extremely strong and durable
- Weather proof - rust and corrosion resistant
- Heaviest, longest lasting 2"x4" welded wire mesh available
- PVC maintains its qualities in extremes of hot and cold temperatures
- Attractive - black coating is unobtrusive - blends with the background

Uses -

- Fencing for dog runs
- Boundary delineations
- People control in public areas
- Attractive home and garden fence
- Backing for wood post and rail fence
- Durable barriers and cages for animals
- Panel inserts for deck and stair railings
