

Woven Wire - Non-Climb 2" x 2" mesh - 16 gauge - Galvanized

Description -

- Galvanized woven wire mesh
- 16 gauge filler wires form the mesh
- Heavier 14 gauge top and bottom wires add strength to fence
- Made in USA by Keystone Steel & Wire, Peoria, Illinois
- Keystone's LG Yard, Garden and Kennel fence
- Stiff knots securely hold horizontal line and one piece vertical stay wires together
- Knots resist rust - will not hold water
- Ideal fence for enclosures for smaller animals, garden fence, playgrounds, etc.

Benefits -

- Economical
- Can be used in many different applications
- Long lifetime - no welded spots to rust quickly
- Woven mesh allows fence to conform to uneven terrain
