

## Vinyl Coated Welded Wire 12-1/2 gauge - 2"x4" mesh - Heavier Duty Yard Gard

### Description -

- Black PVC
- Non-climb 2"x4" mesh
- Heavier, stronger 12-1/2 gauge wire
- Galvanized before weld (GBW) wire mesh under PVC
- Coating is flexible - will not crack when the wire is bent
- UV inhibitors in the vinyl retard degradation from sunlight
- Thick PVC coating is permanently bonded to wire - will not peel
- Coating over GBW mesh gives double protection from rust and corrosion

### Benefits -

- Weather proof - rust and corrosion resistant
- 12-1/2 gauge wire is extremely strong and durable
- PVC maintains its qualities in extremes of hot and cold temperatures
- Attractive - black coating is unobtrusive - blends with the background

### Uses -

- Fencing for dog runs
- Boundary delineations
- People control in public areas
- Barriers and cages for animals
- Attractive home and garden fence
- Panel inserts for deck and stair railings
- Extra strong backing for wood post and rail fence
